References	SECNAVINST 1520.9A
------------	--------------------

1. **Policy.** Navy Aviation Depot Commanding Officers (COs) will be afforded greater exposure to the Industrial Manufacturing process and environment prior to assuming command by serving as Executive Officers (XOs) at the Aviation Depot which they are slated to command.

2. **Procedures**

a. Officers screened for command will spend 24 months in the XO billet followed by 24 months as CO.

b. Selection for Aviation Depot Command will be via Naval Air Systems Command Acquisition Major Assignment Slating Panel.

c. The Shore Station Management course as noted in SECNAVINST 1520.9A will be required as part of the command training pipeline.
